You can often identify forward-looking statements by words such as "anticipate," "believe," "continue," "could," "estimate," "expect," "interving "interving "opping," "plan," "potential," "project, "should," "will or "would," or the regardue of these terms or other terms. Forward-looking statements involve known and unknown risks, uncertainties and other factors, such as the impact of widespread health emergencies, such as COVID 19 and respiratory syncytial virus, that may cause our result, stativity levels, performance or achievements to be materially different from the information expressed or implied by the forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors, such as the impact of widespread health emergencies, such as COVID 19 and respiratory syncytial virus, that may cause our results relating to: our ability to achieve or sustain profitability in the future; our ability to raise additional capital to fund our existing commercial operations, develop and commercialize new products and expand our operations of our products in development and to develop and commercialize and abroad; our ability to generate sufficient revenue from the information expressed in the part of undistribute our ability to generate sufficient revenue from the information expressed in the plans, intentions and expectations to marker and distribute our ability to maintain and expand our network of third-party independent sales agencies and distribute our products; and our ability to printers could differ materially from the plans, intentions and expectations correctives and expectations to marker and expectations expressed on implied by the forward-looking statements. Avait and expectations are expressed on implied by the f

### Use of Non-GAAP Financial Me

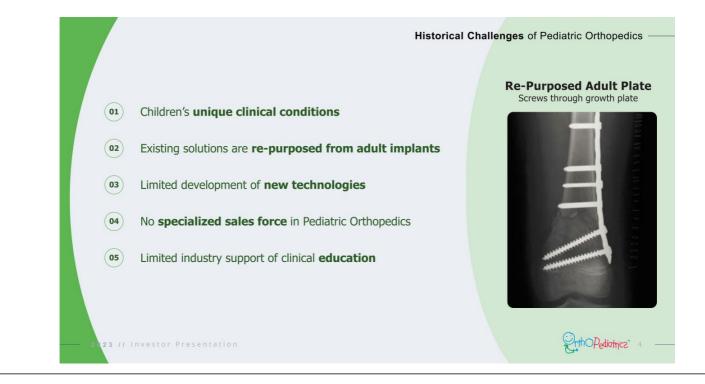

Use of Non-GAAP Financial Measures
This presentation includes certain non-GAAP financial measures such as organic revenue, adjusted diluted earnings (loss) per share and Adjusted EBITDA, which differ from financial measures calculated in accordance with
US. generally accepted accounting principies (GAAP). Sales on an organic basis excludes from our reported net revenue from any acquired business that have been owned for less than
one year. We believe that providing the non-GAAP organic revenue is useful as a way to measure and evaluate our underlying performance consistently across the periods presented. Adjusted earnings (loss) per share in
this presentation related costs, non-recurring professional fees, acrued legal settlement costs and minimum purchase commitment costs. The fair value adjustment of contingent consideration, tradewide
diardion, faustice arnings (loss) per share in the non-recurring professional fees, are tradeted to ur presented to acquisition related to sets, pusi interest expense, nore public other expense, provision for income taxes (benefit), depresionable empringer to accepte accounting the set opense, provision for income taxes (benefit), depresionable compared to accepte accounting the set opense, provision for income taxes (benefit), depresented to accurate on tertics as a measure of fair value adjustment of contingent consideration, acquisition related costs, non-recurring terges professional fees, and the cost of minimum purchase commitments. The Company believes the non-GAAP measures provided in this eraings release enable it to
planning purposes, including financial programoc or its core business operating performance. Management uses these metrics as a measure of the company's operating performance. Management uses these affect certain cash requirements such as desting the related to acception in protection acception accounting the set opense operation as a measure of function protection. The Company believes these measures are useful to investors as supplemental information bec
